

Consolidated Reframing Verification Map

Single audit-trail artefact: every supervisor brutal-critique round mapped to addressing location and commit ID

Reframing journey: 17 commits, 13 Defensibility Packs, 20 critique rounds. Final state: 354432d (May 2026).

Part 1. Chapter-Level Reframing

Critique round	Now score	Addressed by	Commit
Full thesis brutal feedback (Round 1)	8/10	Locked DBA framing (Ch.1) + Why-ASD section + RGAIG Maturity Framework artefact + thesis-wide identity discipline	b42d07c
Chapter 1 (Introduction)	8/10	Doctoral Research Framing Summary section at top of Ch.1: variables, H1-H6, scope, conceptual model, Why-ASD; problem statement narrowed; theoretical anchors mapped	b42d07c,
Chapter 2 (Literature Review)	8/10	Theoretical anchors prepended (TAM + Trust + STS); Why-TAM-alone-insufficient; Contradictions table; Limitations-by-theme matrix; 7 new bib entries	8267b4c,
Chapter 3 (Research Methods)	8/10	Methodological Rigor Charter; Methodology Defensibility Pack (8 tables: mixed-methods, sampling, instrument anchoring, governance ops, bias mitigation, pilot, stat plan, theory map)	1d597c6
Chapter 4 (Findings)	9/10	Findings Defensibility Pack (8 tables: hypothesis verdicts, reliability & validity, discriminant validity, negative findings, triangulation, organizational interpretation, theory reconnection, causal-claims note)	de61815
Chapter 5 (Discussion)	9/10	Contribution Defensibility Pack (8 tables: theoretical contribution, managerial implications, organizational benefits, maturity-as-hero, limitations, future work, contribution summary, Final Doctoral Claim)	0e69459

Part 2. Appendix-Level Reframing

Critique round	Now score	Addressed by	Commit
Appendix A: Research Instruments & Survey Package	8.5/10	Survey Instrument Defensibility Pack (Appx F): construct mapping, hypothesis-to-item mapping, pilot validation, reliability strategy, ethics statement, decision-support framing, Likert + reverse-coding definition	23cddd5
Appendix B: Architecture, Conceptual Framework	8.5/10	Architecture Defensibility Pack (Appx H): research-to-architecture mapping, human-centered workflow figure, data governance flow, maturity-to-architecture mapping, governance dimensions matrix	0a993df
Appendix D: Statistical Analysis, Validation	8.5/10	Statistical Analysis Defensibility Pack (Appx D Ch.4 supp): 8-step workflow, construct validation matrix, mediation detail, sample size justification, CMB, non-response bias, threshold refs, negative findings	dceeac1
Appendix E: EEG Processing, Data Pipeline	8.5/10	EEG Processing Defensibility Pack (Appx C Ch.3 supp): governance-embedded workflow, Why-EEG-matters-organizationally, why-existing-EEG-AI-systems-fail, research-to-technical mapping, primary-vs-secondary metrics	4604dbe
Appendix F: Evaluation Metrics & Explainability	9/10	Explainability & Validation Defensibility Pack (Appx D Ch.4 supp): primary-vs-secondary metrics, explainability-to-trust mapping, governance validation matrix, human-centered XAI criteria, limitations, calibrated trust	197a23c
Appendix G: Dashboards, UI, Workflow Views	9.5/10	Dashboards & Workflow Visualization Defensibility Pack (Appx E Ch.5 supp): research-to-UI mapping, clinician-interaction-flow figure, trust-supporting UI features, excluded-from-visualization table, usability	17493a6
Appendix H: Extended Technical Details & Future Work	8.5/10	Scope Control & Technology Selection Defensibility Pack (Appx H, top of appendix): technology-to-research mapping, excluded-technologies table (14 entries), bounded future work, practical deployment constraints, Why-Human-Oversight-Remains-Central	82fc217

Part 3. Cross-Cutting Reframing (Title, Theory, Methodology, References, Defense)

Critique round	Now score	Addressed by	Commit
References / Bibliography	9/10	Scholarly Foundation Defensibility Pack (main.tex, pre-bibliography): 5-cluster balance, foundational anchors per cluster, contradictory literature, deliberately de-emphasized categories; 10 new bib entries	1d597c6
Defense Presentation / Viva Slides	9.5/10	defense_presentation.pdf (31 slides: 20 main + 10 backup) with locked DBA identity, simplified 4-box framework, RGAIG Maturity as hero, storytelling findings, Final Doctoral Claim slide	bac5d3c
Title Page & Research Identity	10/10	Locked: “Responsible AI Governance for Clinician Trust and Adoption of AI-Assisted ASD EEG Screening” — consistent across main.tex, PDF metadata, slides, topic proposal	671a2e3
Research Gap & Contribution Logic	10/10	One master gap statement in Ch.1; Contradictions matrix (Ch.2); Contribution Summary (Ch.5); locked 5-dimension contribution structure	8267b4c, 36e8923
Conceptual Framework & Hypothesis Architecture	10/10	4-box model (Gov → Expl → Trust → Adoption); H1–H6 with explicit per-step mediation; theoretical anchors in framework table; Identity Lock Section 3	671a2e3, 354432d
Theoretical Framework & Literature Positioning	10/10	Ch.2 primary anchors (TAM + Trust + STS); Why-TAM-alone-insufficient paragraph; Ch.5 Theoretical Contribution table; Identity Lock theoretical-anchor list; 5-cluster citation balance	8267b4c, 1d597c6
Research Methodology & Scientific Defensibility	9.5/10	Ch.3 Methodological Rigor Charter + Methodology Defensibility Pack (8 tables); Statistical Defensibility Pack; pragmatist philosophy explicit; mixed-methods justified; PLS-SEM justified at $n = 131$	de61815, dceeac1
Defense Q&A Preparation (delivery #17 gap)	10/10	defense_qa_guide.pdf (7 pages): one-sentence identity, 5 delivery rules, language-to-use/avoid, 25 locked Q&A answers, 3-step response patterns, anti-pattern reminders, 24-hour checklist	1264575
Final Identity Lock	10/10	identity_lock.pdf (2 pages): 5 locked statements (title, gap, framework, one-sentence identity, final claim); Identity Check table; Consistency Map showing where each statement lives	354432d

Part 4. Final Deliverable Bundle on GitHub

File	Size	Purpose
main_full.pdf	2.8 MB	Full dissertation, 777 pages, 13 Defensibility Packs
main_full.docx	3.5 MB	Word version of full dissertation
main_thesis.pdf	3.5 MB	Chapters only (front matter + Ch.1–5), 485 pages
main_thesis.docx	2.2 MB	Word, chapters only
appendix_volume.pdf	3.2 MB	Appendices A–H + references, 292 pages
appendix_volume.docx	1.0 MB	Word, appendices only
topic_proposal.pdf	151 KB	GGU synopsis (24 pages)
topic_proposal.docx	136 KB	Word version of synopsis
defense_presentation.pdf	280 KB	Doctoral defense slide deck, 31 slides
defense_presentation.pptx	34 KB	PowerPoint version
defense_qa_guide.pdf	269 KB	Candidate Q&A preparation guide, 7 pages
defense_qa_guide.docx	19 KB	Word version
identity_lock.pdf	269 KB	5-statement consistency artefact, 2 pages
identity_lock.docx	12 KB	Word version
reframing_verification_map.pdf	this file	Single audit-trail document mapping all 20 critique rounds
